

Snapshot of the Onboarding Handoff Page in ClientSpace

- The Business Advisor must complete this page for every new client.
- This is a required step in the ClientSpace Sales Workflow.
- The Onboarding Team reviews and compares this information with the Included and Optional Services exhibits in the CSA. Onboarding will make a note on this page if a service listed is not an Included Service per the CSA so it can be discussed in the Internal Sales to Onboarding Handoff meeting.
